Accessories

Description	Part No.
Diamond Lubricant Type IV, 1Qt	60300100
Diamond Lubricant Type IV, 1G	60300101
1200' Box of Cotton	60300600
Rice Paper	60300650

- Our diamond lubricant is designed to reduce the polishing cycle by increasing the cutting action. This is achieved by keeping the diamond compound from drying out during the polishing cycle.
- Die Quip's cotton is supplied is a 1200 foot continuous roll for easy use in removing diamond compound after a working cycle.
- Rice paper is the best solution for removing diamond compound from dies smaller than .030" (0.70mm) due to its fine thickness and high strength.
